***Monday July 4***

**TOWN OFFICES  
WILL BE CLOSED**

**No Trash Pickup**

Summer is upon us: I hope everyone is enjoying their summer months, and I wish you all a great Independence Day. As the heat of summer approaches, events in town have slowed down a bit. By the time the Newsletter is published the Town Council will have returned from Ocean City where they attend the annual three day conference of Maryland Municipalities. This is a great opportunity for new council members to learn “best practices” from other towns and cities. Generally, town officials come back with at least one new idea that we put into practice here in Cheverly. Participation in MML is very beneficial to Cheverly. This year the MML lobbied to return State Highway Users Fees to all municipalities. This resulted in Cheverly receiving 60K in our 2012 budget, and hopefully a full restoration of funds in 2013.

**Green Infrastructure Plan:** For more than two years an intrepid group of individuals appointed by the Town Council have been developing a Green Infrastructure plan for Cheverly. This group has reached out to almost every town organization and has held multiple public work sessions to develop the plan. The primary purpose of the plan is to insure the Town preserves the existing green areas and corridors. However, the document also makes recommendations regarding town practices that can improve the overall environment. The good news is that the town already is making headway on many of the recommendations. The Town Council will be reviewing the document over the next several work sessions with the intention of adopting their recommendations in the August / September time-

frame. If you'd like to learn more please visit: <https://sites.google.com/site/cheverlygreenplan/home>.

**Talking Trash:** I frequently receive comments regarding residents who place their trash out on the wrong day. While this might seem trivial, the issue is very real to our Public Works Department. Our Public Works Department is extremely efficient and Cheverly is fortunate to have regular trash pick-up twice a week, recycling on Wednesdays, yards waste on Mondays and bulk pick-up on either Thursday(East side) or Friday (West side). However, it appears that some residents feel if they put something on the curb, Public Works will just pick it up no matter what day it is. Therefore, yard waste placed on the curb on Thursday might sit for 4 days until Public Works comes on Monday. This causes a nuisance to neighbors, and generally makes Cheverly unattractive to residents and home shoppers who visit us weekends. The Town is allowed to fine for non-compliance. Please check the back of the newsletter to review the trash schedule for your home.

**Tree Canopy:** Last month I mentioned that the Town Council was concerned about the shrinking tree canopy in Cheverly. I was pleased to see that there was a little conversation in the local list serves (Yahoo Groups – Cheverly Exchange and the Cheverly Blog <http://www.chvblog.blogspot.com>). The conversations centered on: our aging tree canopy, the ivy on trees, the encroachment of bamboo, and other issues. These are all critical

## Mayor FYI cont'd

issues and the Town is working on these issues in all public areas. However, of tremendous concern is the removal of trees from private property. Certainly, aging trees need to be removed for safety sake; however there are many places in town where trees are not being replaced leaving holes in the canopy.

In an effort to restore the tree canopy the town will plant a tree of your choosing in either your front or back yard for free. Yes, you read that correctly, the town will plant a tree on your property for free. The town encourages you to "plant the right tree in the right place". Therefore if there are wires above the area we encourage a smaller tree, but if there are no wires, please consider a tree that will grow to a larger height (remember that takes decades!). Forms can be found on the town web site: <http://www.cheverly-md.gov>.

**Volunteer Award Winners:** Every year, on Cheverly Day, the Mayor and Council award two individuals a special award thanking them for their volunteer efforts on behalf of the town.

This year we are very proud to announce that David Kneipp received the Jack Wheat Award for dedication to the Town of Cheverly. Dave's efforts on behalf of the town are legendary. Dave is the first two-time winner of the award & can be found often at the Cheverly Gardens or as a Master Gardener consultant at the Cheverly Market.

Ann Barsi received the Volunteer of the Year, which she accepted on behalf of Cheverly's quiet volunteers. Ann agreed to accept the award on behalf of residents who cook meals for individual needing assistance, or drive folks to the markets to get groceries. The volunteer spirit runs deep in Cheverly and singling out just one person is difficult. We chose Ann because of her efforts to harness this spirit to provide school supplies to the children at Spellman every September and to cook meals for our Public Works Department when the snow storms raged last year. Please take a moment out of you day to watch a replay of the June 9<sup>th</sup> Town Meeting (on cable) where Ann gave a wonderful speech praising the Cheverly Volunteer Spirit.

## **WE NEED A CHEVERLY B&E DETERRENCE**

**PARTNERSHIP** – B&Es (Breaking and Enterings) continue to be the only serious crime category in Cheverly that has not been drastically reduced over the last several years. Despite the best efforts of Cheverly patrol officers, and in spite of our significantly high investigative closure rates for this particular crime, B&Es continue to be a serious problem. The fact that nearly every one of our surrounding jurisdictional neighbors suffers the same if not more severe problem is of little comfort.

I am personally requesting that every resident in the Town take a moment to consider what a B&E Deterrence Partnership would entail. On the part of the Cheverly Police, we promise to respond quickly and efficiently to any call for service involving suspicious persons and vehicles, B&Es (in-progress or suspected) calls, burglar and related alarms, and any trespassing complaints. In addition, we promise to quickly transmit any look-out information around the Town, collect all evidence of a crime, recover any stolen property, and follow through on any lead or potential suspect information. In addition, we promise to thoroughly prosecute any person charged with B&E or a related crime.

On the part of Cheverly residents, we simply ask that you strive to accomplish the following requests:

1. Be L.E.W.D. (Lock Every Window and Door)! This is always true when you are not home or do not anticipate going out for some time. Almost half of Cheverly B&Es were committed without force, where entry was gained through an unlocked window or door.
2. Be Nosey! Almost all of our most successful B&E investigations or arrests emanated from residents reporting suspicious persons in the vicinity of a B&E or assisting us in the pursuit of suspect(s) in an instant case.

3. Be Determined! Have the Cheverly Police perform a free home security survey. Most survey suggestions require very little cost and no Cheverly home that has had a survey has ever been broken into.

4. Be cautious! Quickly report any incident of soliciting or any incident where someone knocks on your door and states that they are looking for a person you know does not live there or presents a story that is not plausible. Without out a doubt, most burglars attempt to determine whether a resident is home before committing a B&E.

5. Be persistent! Always record the serial number to every laptop (#1 stolen item), camera, piece of electronic equipment, and firearm, and take photographs of expensive jewelry and related items. The CPD has direct access to pawn entries made around the metropolitan area and national databases that list stolen property.

## **C-PACT/CHEVERLY WATCH RESIDENT RADIO**

**PROGRAM MEETING** – There will be a joint meeting of C-PACT (Cheverly – Citizens and Police Together), Cheverly's Neighborhood Watch Organization, and the Cheverly Watch Resident Radio Program on Tuesday, July 12, 2011, at 7:00 PM, in the Police Department Conference Room.

**MOBILE SPEED TRAILER** – The Department has purchased a mobile speed awareness trailer for use on all residential streets in Cheverly. The trailer contains a Ka-band Doppler radar system to record the speed of an approaching vehicle, displays the speed limit of the street, is powered by solar panels, and has a statistical package that gathers traffic data for improved grant writing support and for verification of the trailer's impact on traffic speeds. Expect to see the trailer within the next month.

**WE NEED YOUR VEHICLE DONATIONS** – Your vehicle donations purchased the above described speed awareness trailer and will assist in the purchase of six (6) new Toughbook computers for departmental vehicles. In addition, I hope to purchase as many as ten (10) new portable radios for Cheverly Watch, our resident radio program. Please donate your vehicle to the CPD so that you can see your donating dollars (and tax savings) right here in Cheverly.

## **CHEVERLY TRAFFIC VIOLATIONS OF THE**

**MONTH** – Violations for two specific infractions seem apparent month after month. First, violators are still driving their motor vehicles while operating a hand held communications device (cell phone). At the same time, vehicle operators are still failing to activate their headlights in weather conditions that require the operation of windshield wipers. Both of these violations call for fines and both are enforced aggressively in Cheverly.

**Cheverly Community Market**—Thanks to all of the citizens of Cheverly for their enthusiastic support of the Cheverly Community Market. They just keep getting better and better as the crops mature and as additional vendors are added.

Our next market is on July 2nd, just in time to stock up for those 4th of July picnics! We will have lots of grilling food compliments of Simply Sausage; Two Oceans, True Food; and our newest members, The Waltz Family Farm. The Waltz Family brings us free range, farm raised, USDA certified beef, pork and lamb. Even dog bones for the family pet! Each week more fruits and vegetables come into season. The berries are beginning to wind down, but tomatoes, squash, herbs and root vegetables are coming on strong. Schlagel Farms, has had wonderful varieties. Al Pongs Orchard will be there with some great plants to try in your yard, as well as fruit from their orchards. Benny's Market should be seeing peaches soon, meanwhile their berry selection is out of this world. Don't forget Martha's Jam...always a favorite.

Eve's Cheese has joined us for the rest of the season. Their selection of cheese is as varied as the bread from the Cheverly Bread Basket. Pair some up for a delicious treat. You can't have summer without something cool... and boy, do we have a find! POPular Pops, from Annapolis, creates fresh fruit popsicles in palate scintillating flavors. They sold out at our last market...so get to them early. We have three markets in July and each will feature a different vineyard.

June 2 – Elk Run Vineyards

June 16 – Running Hare Vineyards

June 30 – Boordy Vinyards will be on site for the first time this season.

Looking for gift items? Good Earth Pottery, Mystic Water Soap and Kaylala (natural beauty products) will alternate through the markets. Check out webpage for the weekly schedule.

Our Common Ground beverages and snacks has been able to turn a profit which will in turn be used to help the less fortunate of the area through the St. Ambrose Ladies of Charity. Their shoe collection was quite successful... and the shoes are on their way to El Salvador. See you at the Market
